

EUROPEAN CONVENTION FOR CONSTRUCTIONAL STEELWORK, COPENHAGEN, September 13 - 15, 2017

Ing. Antonín Pačes has been appointed to the position of ECCS President (EUROPEAN CONVENTION FOR CONSTRUCTIONAL STEELWORK). ECCS associates experts across the entire European steel industry (designers, manufacturers, academic sphere). The appointment took place during the Association assembly within the framework of ECCS conference between September 13 – 15, 2017 in Copenhagen. The term of office is one year until the 2018 conference which will take place in Prague.

Our representatives have received the European Steel Design Award - Award of Merit (ECCS) for Bolt Tower construction project in Vítkovice.

More details about ECCS are available at <https://steelconstruct.com>
